

ART SPOTTIDINGS

Dear HLS 1st-6th grade families,

The HLS art program is up and running, I am happy to report, from the official art rooms at both the Crescent Hill and Spring Meadows campuses. Art classes may now be held with art tools and resources within arm's reach. These rooms are a blessing. Thank you, HLS Administration!

We have begun the year with a lesson in Lettering Design as the students' first assignment was to design their Art Pockets with their names. The Art Pockets are the means for keeping each student's artwork filed for the school year. In April, each student will peruse his or her created artwork and select his or her single favorite to be displayed at the HLS Art Show. After the Art Show, the students will then bring home all their artwork tidily contained in their Art Pockets.

Last year we began a journey through art history. The first-grade classes will begin as we did last year with Cave Art followed by art from Ancient Egypt, Ancient Greece, and Ancient Rome. The second through sixth-grade classes will proceed with the Medieval period, followed by the Renaissance and Impressionist periods.

We're off to a great start and I look forward to the opportunity to seeing the amazing work of your children unfold. Pictured below are some works from the past two weeks. Enjoy.

Janice Murdoch

Haylee Hatcher, 5th grade

Owen Meyer, 2nd grade

Levi Shinabery, 4th grade

Maggie Roy, 6th grade
