

Dear HLS Families,

December 8, 2017

The admissions office is in another busy season. Please help us plan for the upcoming year by completing the enclosed re-enrollment form. We remain committed to small class sizes and this information helps us make decisions about prospective student applications.

For 2018-2019 we are changing the structure of our enrollment fees.

- We are asking for an enrollment fee of \$250 for each student. This payment will not be applied towards tuition in the fall. Because of this change, we did not increase tuition for 2018-2019.
- The enrollment fee applies to each student. This year, families with three or more students may send in only \$500 now, and the balance of your enrollment fee will be added to your 2018-2019 tuition bill.

To re-enroll your student(s) for the 2018-2019 school year:

- Complete and sign the enclosed Returning Family Application / Tuition Agreement
- Return form, enrollment fee(s) of \$250 per child, and a **voided check** (if you selected monthly option) by January 15, 2018.

Please return the enrollment documents as soon as possible. After the January 15th deadline, unconfirmed spots are made available to new applicants.

New sibling applicants must submit a new student application. Applications, available in the office or on the HLS website, are due by January 15th. We will call to schedule entrance testing after we receive your application. Siblings are given priority but are not guaranteed placement. Offers to enroll are based on readiness for the program.

Please don't hesitate to contact me if you have any questions. Thank you very much for your help in our re-enrollment and admissions process.

Lyndsay Magar
Admissions Director
