

Dear HLS Families,

For the 2018-2019 school year, we are pleased to offer our Junior Kindergarten program to current families.

The goal of our Junior Kindergarten program is to assist students in acclimating to our school and classroom culture. The students complete activities geared toward Kindergarten readiness. You can view our HLS Kindergarten readiness document [here](#).

The program is designed for older four-year-olds who are ready for more academic focus and younger five-year-olds who may benefit from an extra year before Kindergarten.

If your child is turning five during the summer of 2018 and you feel that he or she is prepared for Kindergarten, please submit a Kindergarten [application](#).

Junior Kindergarten Enrollment

- Enrollment is limited to ten students per class.
- JK enrollment has no bearing on a student's acceptance to HLS Kindergarten.
- Priority enrollment will be given to older 4's and younger 5's.

You can access the JK Application [here](#).

The deadline for JK Sibling Applications is **February 1, 2018**. Families will be notified of Junior Kindergarten sibling decisions in mid-March.

Please contact us with any questions. We look forward to meeting your younger children!
